I have a range of bud vases and vessels that can be hired starting at £1 each. If you are interested it is best that we discuss what you would like and see if I have anything to suit your requirements.

Should you wish me to do any floristry work on site my time is £20/hr and my travel is 50p per mile. Most of my arrangements are created in my studio and only need delivery or collection (delivery can be arranged for an extra fee). The decorating of a structure at the venue is most commonly the only time that I need to work on site. My floristry work is always floral foam free and sustainable with no single use plastics.

I grow all the flowers I use so I have limited availability. I can supplement from a small network of local growers. After your consultation I will know what flowers to grow for your day. Please get in touch to reserve your date as early as possible.

Thank you for your enquiry,
